

# WEINIG DIMTER

## Packaging days Focused on cutting

Invited Lecturers:  
HPE Federal Association and others

## Welcome to Illertissen

8 and 9 November 2017

# Welcome

## to the WEINIG DIMTER Packaging Days

Dear Sir or Madam,

thousands of valuable goods are transported around the world every day. To get them safely from A to B, packaging concepts are becoming increasingly important to the distributor.

To produce packaging materials efficiently, suitable manufacturing machines and a precise production planning system is essential.

WEINIG DIMTER - a product unit of WEINIG – is specialized in cross-cut saws and gluing presses for solid wood processing. For over 30 years we have advised industrial and craft producers in these areas.

During the WEINIG DIMTER Packaging Days we will present everything around the manufacturing of wooden packaging products and pallets. You will be able to listen to experts and you will see how lengths and widths are cut and how cutting processes are optimized – all for your perfect packaging.

**Exclusively** for you, we are going to offer a guided visit to the running production of our customer Tricor Packaging & Logistics AG.

We cordially invite you to join our Packaging Days on 8 and 9 November 2017 in Illertissen, where we would like to show you exciting new options on productive packaging manufacturing for your business.

We look forward to welcoming you!

Your WEINIG DIMTER-Team

**Product Unit Cutting**

# Cutting of wooden packaging

Cutting of wooden packaging of all kinds

## Producing packaging materials and pallets

Packaging is necessary for protection and transport of goods. WEINIG DIMTER machine solutions enable you to offer your customer customized packaging of all kinds including wooden boxes, crates, push-on frames, pallets, transport bases with special designs for sensitive products – safe, robust and in any size.

The screenshot displays the OptiPal software interface. It is divided into three main sections: 'Produktliste' (Product List) on the left, 'Produkt' (Product) in the center, and 'Auftragsliste' (Order List) on the right. The 'Produkt' section shows a detailed view of a 'Kasten (Dinkel)' (Dinkel crate) with a 3D model and a table of components.

Artz Pos	Länge	Breite	Stärke	anz L	Text	Text	Text
1	R-Breite	95	95	anz R-Länge (95)	Kasten	(Kasten) (95)	
1	R-Breite + 26	74	18	anz R-Länge (900)	Kasten	(Kasten) (900)	
2	R-Länge + 36	170	18	anz R-Stärke (9)	Deckel	(Deckel) (9)	
1	R-Länge	170	18	anz R-Breite (2)	Deckel	(Deckel) (2)	
1	R-Länge + 36	170	18	anz R-Breite (2)	Deckel	(Deckel) (2)	
2	R-Breite + 26	170	18	anz R-Stärke (9)	Kasten	(Kasten) (9)	
2	R-Stärke + 85	74	18	anz R-Länge (900)	Kasten	(Kasten) (900)	
2	R-Stärke	74	18	2	Kasten	(Kasten) (2)	

The OptiPal software optimizes your raw timber consumption

## Optimized cutting by the WEINIG DIMTER software tool OptiPal

Hard or softwood, planed or rough-sawn – WEINIG DIMTER cross-cut saws cut every type of wood and in addition – the OptiPal optimizing software offers:

- improved production processes
- increased material yield and
- higher level of transparency in the production process

# Machine Highlights

**Highlight : Exclusive visit to a pallet production line**

Only for you and only for a limited number of people. Guided visit to our customer Tricor Packaging & Logistics AG.

## **High-speed cutting line with three OptiCut 260 linked with a Corali nailing line**

You will see a high-speed cutting line for a fully automated pallet production. System configuration: Vacuum destacker unit and three through feed saws OptiCut 260 linked with a Corali nailing line.

Push feed saw OptiCut S 60 wFlex+

**All kinds of machines - from small to large**

## **Everything you need for your packaging and pallet production – from small to large**

**Your benefit :** From manual to fully automated operation, you can experience the complete product range in the field of cutting.

From the automatic length stop system EasyStop with undertable cross-cut saws C 50 and C 700, push feed saws S 50 / S 60 / S 90 with and without wFlex+ aggregate for width cutting - to our through feed saws : every machine is prepared and ready for demonstration.

# All around cutting

## All at the same time

Scanning, cutting and gluing. All from one source – from the basic machine to the fully automated cutting line. Explore this product field of WEINIG at WEINIG DIMTER. On 8 and 9 November 2017 all specialists will come to Illertissen. Come and join us!

Experience the machines live.  
Gain knowledge.  
Profit from the experience  
exchange with operators  
and specialists.

A green rectangular box with the text "THINK WEINIG" in white, bold, sans-serif capital letters. The word "THINK" is on the top line and "WEINIG" is on the bottom line.

## Demonstration machines

### **WEINIG DIMTER - Cross-cutting and Gluing**

Automatic length stop system EasyStop, undertable cross-cut saw OptiCut C 50 and OptiCut C 700, cross-cut saws with positioning pusher OptiCut S 50, OptiCut S 60 with Flex+ aggregate, OptiCut S 90 with packet stacker, through feed saws OptiCut 260, OptiCut 450 Quantum, automation, gluing presses ProfiPress L II and ProfiPress T Next Generation.

### **Software and Marking solutions**

Packaging software OptiPal, evaluation software OptiStat, printing on planed and rough-sawn timber and label printers

### **Raimann - Ripping**

Moving blade rip saw VarioRip 310

# Program

## Program 8 / 9 November 2017

09:00 - 10:00 **Welcome** by WEINIG DIMTER  
Managing Director Dr. Mario Kordt,  
Bavarian breakfast

10:00 - 13:00 **Exclusive tour 1 to**  
8 November

**Exclusive tour 3 to**  
9 November

simultaneously

10:00 - 13:00 **Factory tour WEINIG DIMTER**

**Lecture HPE Federal Association**  
(only 8 November)

**Machine demonstrations**

13:00 - 14:00 Lunch

14:00 - 17:00 **Exclusive tour 2 to**  
8 November

simultaneously

14:00 - 18:00 **Factory tour WEINIG DIMTER**

**Lecture HPE Federal Association**  
(only 8 November)

**Machine demonstrations**

from 18:00 **Get together** (only 8 November)  
with regional specialities  
and fruitful discussions

**Lecture partner:**

# Registration

Yes, I / we will attend with totally      person/s

on 8 November

on 9 November

Name

Company

Street

Place

Phone

E-mail

Please assist me with hotel booking

As there is a limited number of seats for the tour to Tricor Packaging & Logistics AG, we kindly ask you to register yourselves :

**Exclusive tour 1**

8 November, 10h

**Exclusive tour 2**

8 November, 14h

**Exclusive tour 3**

9 November, 10h
